

Minutes of Christian Formation Committee meeting on October 30, 2007.

Attending: Shelly Madden, Carol Daun, Marge Schultz, Eileen Hobbs, Lisa Neider, Vicki Roth, Carrie Mierow, Phill Unti, Blanche McQuitty, Cliff Shelton

An informal meeting was called to bring Christian Formation Standing Committee back into existence. The need for a CFC one of the main areas of ministry in the parish, with more specific sub committees underneath it, was defined and explained by Phill Unti, liaison to parish council. Shelly and Eileen gave a little history of the CFAC (as it was called).

After some discussion and clarification, it was decided that a sub group was needed for Youth and Child Formation before their could be a member of that group on the Standing Committee. Alice Hatzenbeller was not able to attend the meeting and Shelly will contact her to request whether the Adult Formation Committee would also be a part of this sub committee or if that area will form its own subcommittee. The goal of parish council right now is to help us form the Standing CFC Committee, which will begin meeting January 2, 2008.

A subcommittee (YAC) meeting to get the youth and child "working committee" started will be held the end of November. (Mutual date is being worked out). The YAC committee will be the input for the programs we are currently running--what is needed, how do they need to be changed, how can we make it better, what's working, what isn't working, who can we get to help, etc.

The CFC committee will be the "standing committee of Parish Council" which will have representatives from our YAC and Adult committee as well as Athletic Board, Home and School, School Board and any other committees that might fall under the Ministry area of Christian Formation Committee and not covered by one of the areas already listed, as well as Parish Council liaisons.
